ARTICLE IV

PROFESSIONAL APPRAISAL

A. Introduction, Philosophy, and Objectives

1. Introduction. A school system has the responsibility to create a favorable professional climate for the teacher entering the profession as well as for the experienced teacher striving to improve teaching effectiveness. Salina Unified School District #305 works toward this goal through its program of teacher appraisal in which individual needs, abilities and desires are considered within the overall objective of improving student growth.
 - a. The insight and growth of the teacher resulting from participation in the appraisal process are more significant than the process itself. Effective evaluation is a continuous, constructive and cooperative experience between the evaluator and the evaluatee, with the evaluator assisting evaluatees in improving their professional performances throughout their careers. (Evaluatee in this document refers to the individual being evaluated.)
2. Philosophy of Evaluation. USD #305 believes that Salina's students deserve the highest quality of instruction. To insure quality instruction for every student, performance appraisal of all certified personnel is essential and is one of the district's primary responsibilities to students, patrons, and staff.
 - a. Effective professional appraisal
 - (1) reflects research-based standards
 - (2) is systematic and continuous
 - (3) embodies standards of excellence
 - (4) is cooperatively developed between evaluator and evaluatee
 - b. Professional growth results from
 - (1) maximizing strengths and managing weaknesses
 - (2) setting realistic goals
 - (3) providing resources
 - (4) defining responsibilities
 - (5) establishing strategies for continuous improvement
 - (6) fostering self-reflection
 - (7) monitoring performance

Through the commitment, beliefs, and process outlined above, the goal of providing quality instruction for every USD #305 student will be achieved.
3. The Framework for Teaching by Charlotte Danielson was selected as the basis for USD #305's appraisal system because it is researched-based and provides a clearly defined framework to help teachers improve their instruction. More specifically, the framework
 - a. identifies principles of effective practice and classroom organization such as maximizing student learning and promoting student engagement.
 - b. provides common vocabulary.
 - c. contains themes of equity, cultural sensitivity, high expectations, developmental appropriateness, accommodating students with special needs and appropriate use of technology.
 - d. parallels the school improvement initiatives.
 - e. stands on research-based and field-tested data to ensure that teachers show significant gains.

B. General Evaluation/Appraisal Procedures

1. In order to insure that expectations are clearly understood among all parties, on-going dialogue between evaluatee and evaluator is an essential component of evaluation.
2. All documents used in the evaluation of teachers are available on the Human Resources website.
3. Teachers who are transferred from one building to another will remain on their original schedule of evaluation unless the job requirements change significantly.
4. Primary evaluators shall be the principals of individual buildings who may further delegate such duties to subordinate administrators. The CKCIE administrators and the building principal shall be considered joint primary evaluators of CKCIE employees. CKCIE employees in a non-USD 305 attendance center will have a CKCIE administrator as the primary evaluator.
5. The evaluator may have access to and may review previous evaluation reports as prescribed by law.
6. The frequency, dates, forms and procedures for regularly scheduled evaluations will be determined by the guidelines in the Professional Appraisal System and shall comply with the state statutes regarding employment.

- a. Additional observations may be initiated by either an administrator or teacher request. The requested additional observation(s) will not be required to comply with notification guidelines of the Professional Appraisal System. It will be noted in the evaluation documents that the observation(s) was/were initiated by teacher or administrator request.
 - b. All observations of the work performance of a teacher will be conducted openly and with the full, but not necessarily prior, knowledge of the teacher being observed. The use of eavesdropping, public address or audio system, hearsay evidence or surveillance devices is strictly prohibited.
7. The evaluatee shall acknowledge the evaluation report by his/her signature. An evaluatee's signature upon the evaluation is required but does not necessarily constitute agreement with such evaluation. At any time not later than fourteen (14) calendar days after receiving the evaluation report, the evaluatee may respond in writing. Responding statements will be filed with the evaluator and/or the Executive Director of Human Resources and attached to the original evaluation form.
 8. The evaluatee shall have access to all materials placed in the evaluation record and has the opportunity to respond, verbally and/or in writing, to such materials.
 9. The primary evaluator shall submit all evaluations conducted within the building to the Executive Director of Human Resources. All evaluation reports and responses shall be maintained in the evaluation files for a period of not less than three (3) years from the date each evaluation is made.
 10. Teachers may request to be evaluated at any time, and a building administrator may evaluate any teacher in his/her building at any time.
 11. Evaluation/appraisal documents shall be confidential as prescribed by law.
 12. All flowcharts and procedures are available in the PAS Guidelines located on the USD 305 website.

C. Traveling Teachers

Evaluatees who serve in more than one building will be evaluated in the building in which they are assigned for a major part of their time or their assigned home-base building. Administrators in other than the home base building or majority time building in which the evaluatee serves are encouraged to have input into the evaluation process. This evaluation input will be reported on the standard forms shared with the evaluatee before forwarding to the primary evaluator. This information becomes a part of the summative evaluation which is prepared by the primary evaluator.

D. Informal Evaluation

These policies do not preclude informal conferences or observations between evaluatee and colleague or supervisor, which will not necessarily be placed in the evaluatee's personnel file. The evaluatee shall receive a copy of any written material that is generated during informal evaluation if such material is to be placed in the evaluatee's evaluation record. The evaluatee has the opportunity to respond, verbally and/or in writing, to such material.

E. Unscheduled Evaluations

Teachers may request to be evaluated at any time, and a building administrator may evaluate any teacher in his/her building at any time. Evaluations initiated by teacher or administrator request will not be required to comply with the notification guidelines of the Professional Appraisal System. Administrators or teachers initiating an unscheduled evaluation will notify the other party in writing prior to the evaluation.

F. Professional Assistance Plan for Tenured Teachers

The improvement of teachers is the major intent of evaluation. Teachers who have not demonstrated satisfactory improvement during the evaluation process may be placed on a professional assistance program as identified in the Professional Appraisal System.

G. The Professional Appraisal System Is A Process, Not A Product

1. Yearly, the Superintendent or his/her designee and President of NEA-Salina will establish a committee of teachers, administrators, and a BOE member/community representative to survey those currently participating in the evaluation process and to recommend changes in the Professional Appraisal System.
2. Recommended improvements must be approved by NEA-Salina and the BOE through the negotiations process.

ARTICLE V

DISCIPLINE AND PROBATION

A. **Discipline of Teacher**

1. A teacher's suspension, probation, or disciplinary transfer may be appealed using the procedures outlined in levels 1-5 of Article VI.
2. At least one full duty day before a conference with an administrator during which a teacher may receive a written reprimand, the teacher shall be advised, either face-to-face or by telephone, in addition to district email, of the nature of the meeting. The teacher is entitled to have present at the conference a representative(s) of his/her choice. If the representative(s) are employed by the district, the representative(s) shall receive "released time."
3. No disciplinary action shall be taken against any teacher on the basis of a complaint before a conference is held and before names of the complainants and the nature of the complaint has been given to the teacher in writing.
4. Staff shall have access to all of their own information and any administrative notes/files containing information used by the administrator to support the formal disciplinary decision. Any such document that contains the personally identifiable information of another USD 305 employee will be redacted to protect the privacy interests of that employee.
5. As reprimands are placed in a teacher's personnel file, the teacher will be provided with a copy of the reprimand within 5 business days.

B. **Fair Dismissal of Teachers**

1. The Board and Association agree to the mutual benefit of a Fair Dismissal procedure for experienced teachers. This provision balances the relative security earned through an extended and successful probationary period with employer expectations of continued quality professional performance.
2. For the first four (4) years of professional employment with the district, teachers are considered probationary and may be non-renewed prior to the statutory deadline for any reason Constitutionally protected.
3. Starting in year five (5) of teaching with the district, teachers shall have earned non-probationary status. At its discretion, the Board may formally grant non-probationary status to any teacher earlier.
4. Non-probationary teachers may be non-renewed for good cause, including any ground which is put forward by the school board in good faith and which is not arbitrary, irrational, unreasonable, or irrelevant to the school board's task of building and maintaining an efficient school system.
5. Non-renewal of non-probationary Teachers based on job performance: The requirements of the Professional Assistance Plan (PAP) shall be implemented before a non-probationary teacher may be non-renewed due to prior job performance. An administrator may place a non-probationary teacher on a plan of awareness at any time he/she believes the non-probationary teacher's performance so requires. If the non-probationary teacher's performance fails to improve as the result of the plan of awareness, the administrator may place the non-probationary teacher on an off-cycle evaluation. The off-cycle evaluation must include the implementation of the PAP Plan of professional support. If the non-probationary teacher fails to satisfactorily complete the plan of professional support, the non-probationary teacher will lose designation as non-probationary and may be returned to Probationary status with a continued off-cycle evaluation or may be non-renewed. Failure to satisfactorily complete a Plan of professional support is good cause justifying non-renewal.

6. Non-renewal of non-probationary teachers based on criminal activity, insubordination or conduct unbecoming a teacher: At no time shall an administrator be required to implement the PAP or an off-cycle evaluation before providing notice of non-renewal or termination of a non-probationary teacher due to criminal activity, insubordination or to conduct unbecoming a teacher.
7. If the non-probationary teacher is non-renewed, he/she shall be notified by certified mail prior to the statutory continuing contract date. The notification shall include the reasons for the nonrenewal. The non-renewed teacher will have fourteen calendar days from the receipt of the letter to file a written request for a hearing. The decision as to whether the hearing shall be open or closed will be at the discretion of the teacher.
8. Within seven calendar days, the parties shall meet and select a mutually agreeable party to be the hearing officer. If that is not possible, the hearing officer shall be an arbitrator selected by alternately striking names from the KSDE list.
9. During the hearing, the entire basis for the nonrenewal shall be proffered by the district. The teacher may challenge the district's evidence and present evidence in his/her own behalf. If, in the opinion of the hearing officer, more time and/or information is needed for an appropriate decision, it shall be allowed. Otherwise, the hearing shall be closed at the end of the presentations. The decision by the hearing officer shall determine whether to sustain or reverse the nonrenewal and reinstatement of any lost pay, and shall be rendered in writing to both parties within seven calendar days.
10. It is the intention of the parties that the decision be rendered prior to June 30 and all reasonable efforts should be made to accomplish that goal.
11. The recommendation of the hearing officer will be reviewed and considered by the Board in an executive session. The Board will make the final decision.
12. The teacher shall pay for his/her expenses, including any witnesses and/or representation. The cost of the hearing officer shall be split evenly between the Board and the Professional Employee.

ARTICLE VI

Purpose

The purpose of this procedure is to secure, at the lowest possible level, equitable solutions to the problems which may from time to time arise affecting teachers. The principal or immediate supervisor shall present his/her decision in writing to the grievant within five (5) days after their meeting.

Formal Phase: If the grievant is not satisfied with the disposition of his/her grievance on an informal basis, or if no decision has been rendered within five (5) school days after discussion of the grievance, he/she may pursue the grievance by filing in writing with the principal. The grievant shall have fifteen (15) school days after notification of the grievance disposition or, should no action have been taken, twenty (20) days following the first discussion of the grievance to file the written grievance. Within five (5) school days after receipt of the written grievance, the principal, or his/her immediate supervisor, shall meet with the grievant. The principal or his/her immediate supervisor shall present his/her decision in writing to the grievant within five (5) school days after the meeting.

The grievant shall have ten (10) school days to file the grievance. Within five (5) school days after receipt of the written grievance, the Director shall meet with the grievant in an effort to resolve it. The Director of Educational Programs shall present his/her decision in writing to the grievant within five (5) school days after the meeting.

3. Level Three – Superintendent

If the grievant is not satisfied with the disposition of his/her grievance at level two, he/she may file the grievance with the Superintendent. The Superintendent shall present his/her decision in writing to the grievant within five (5) school days after the meeting.

4. Level Four - Board of Education

If the grievant is not satisfied with the decision at level three, he/she may file an appeal in writing with the BOE. The grievant shall have fifteen (15) school days after notification of the grievance disposition to file. Within fifteen (15) school days after the receipt of the written grievance, the BOE or a panel of two (2) of their members shall hold a hearing on the grievance. The hearing shall be conducted in executive session. Within fifteen (15) school days after the conclusion of the hearing, the BOE shall render a decision in writing to the grievant.

C. Non-Reprisal

No reprisals of any kind shall be taken by the BOE or by any representative of the administration against any grievant, any party in interest, or any other participant in the grievance procedure by reason of such participation.

D. Miscellaneous

1. Time Limits: The number of days indicated at each level should be considered as a maximum and every effort should be made to expedite the progress. The time limits specified may, however, be extended by mutual agreement.
2. Year-End Grievance: In the event a grievance is filed at such time that it cannot be processed through all the steps in this grievance procedure by the end of the school year and if left unresolved until the beginning of the following school year could result in irreparable harm to a party in interest, the limits set forth herein shall be reduced so that the grievance procedure may be exhausted prior to the end of the school year or within a maximum of thirty (30) workdays thereafter.
3. Scheduling: Conferences held under this grievance procedure shall be scheduled at a time and place which shall afford a fair and reasonable opportunity for all persons entitled to be present to attend, including witnesses. Every effort shall be made to hold conferences at a mutually agreeable time. Processing of a grievance shall not be conducted during the time when class is in session for the involved parties.
4. Separate File: All documents, communication, and records dealing with the processing of a grievance shall be filed in a separate grievance file and shall not be kept in the personnel file of any of the participants.
5. Forms for filing a grievance may be obtained in the Human Resources Office.

ARTICLE VII

REDUCTION IN FORCE

The school district will observe the provisions of the continuing contract statutes in Kansas to notify teachers that their contracts will be terminated because of necessary reduction in staff.

ARTICLE VIII

SALINA PUBLIC SCHOOLS RETIREMENT PLAN

A. Employer and Employee Paid Contributions

1. A Retirement Plan will be established for each teacher employed in USD #305. This plan will contain up to two (2) accounts. An Employer Paid Account will be initiated for each teacher. An Employee Paid Account will be initiated for each teacher at his/her request.
2. USD #305 will contribute \$1,000 per contract year into each full-time teacher's Employer Paid Account. Contributions will be prorated for teachers who work less than full-time in a certified position and/or are employed for less than a full contract year.
3. Upon beginning his/her 6th contiguous year as a teacher employed by USD #305, each teacher will become vested in 10% of the amount contained within his/her Employer Paid Account. The vested portion will continue to increase by an additional 10% per year until the teacher is 100% vested upon beginning his/her 15th contiguous year with USD #305.

Vesting Schedule:

<u>Year(s)</u>	<u>Amount Vested</u>
1 – 5	0%
6	10%

12	70%
13	80%
14	90%
15	100%

A teacher who terminates employment with USD #305 after the beginning of his/her 6th year may leave the vested amount in the Employer Paid Account, thereby retaining contiguous vesting status upon returning to a teaching position with USD #305 at a future date.

4. A teacher may voluntarily contribute from salary an amount of his/her choosing into the Employee Paid Account. Voluntary contributions may not exceed the amount allowed by Federal and State laws and regulations. A teacher who chooses to make contributions into his/her Employee Paid Account will be fully vested in this account immediately.
5. A group of investment options, including conservative, moderate and aggressive investment portfolios will be maintained. Teachers must select from these options for all investments into their Retirement Plan Portfolio. Separate investment options may be made for a teacher's Employer Paid Account and his/her Employee Paid Account. Employer Paid Contributions for teachers who do not make investment elections will be placed in a default investment account.

NOTE: This plan in no way limits additional voluntary contributions into separate qualified retirement accounts with qualified providers up to the amount(s) allowed by State and Federal laws and regulations.

6. A teacher may access the vested portion of his/her Employer Paid Account upon termination of an employment contract with USD #305.
7. Employer and Employee Paid Contributions and growth thereon will be considered taxable income subject to 403B rules upon distribution from the plan. Further, a penalty for early withdrawal may apply for distributions made prior to the age allowed by State and Federal laws and regulations. Qualified Rollover options may allow a terminated teacher to defer taxation until a later date.
8. If any provision of this plan is determined to be in violation of Federal or State laws or regulations, then the of Education of USD #305.

The notification of vacancies, including newly created positions and summer school, will indicate title, grade level, qualification(s) desired, location(s), and date by which applications must be submitted.
3. In-building transfers may occur before the posting of any vacancy.
4. A teacher who desires to apply for a vacancy shall file an online internal application/transfer form through the Human Resources Department website and specify the vacancy for which they are applying.

D. Transfers

1. Philosophy
All teachers should be placed in the school and department that will best fit the educational needs of the students of the district as determined by the BOE. While consideration will be given to the teacher’s placement preference, transfers shall be used to maintain a proper balance of experience and specialized competence among the schools of the district.

If a teacher is asked to transfer to a position they are not yet endorsed in, USD 305 will reimburse the teacher for the cost of the test and cost of adding the endorsement to the license once it is completed.

APPENDIX A

USD #305 FAMILY AND MEDICAL LEAVE PLAN

Definitions from FMLA Regulations by US Department of Labor: Employee's spouse, son or daughter, or parent:

Spouse – husband or wife as defined or recognized under state law for purposes of marriage in the state where the employee resides, including common law marriage in state where it is recognized.

Parent – biological, adoptive, step or foster father or mother, or any other individual who stood in loco parentis to the employee when the employee was a child. This term does not include parents-in-law.

Son or daughter – biological, adopted, step, or foster child; a legal ward; or a child of a person standing in loco parentis who is either under age 18, or age 18 or older and “incapable of self-care because of a mental or physical disability” at the time that leave is to commence.

In loco parentis – including those with day-to-day responsibilities to care for and financially support a child. This would include grandparents who have taken in a grandchild and assumes ongoing responsibility for raising the child because the parents are incapable of providing care, or no longer living. Whether an employee stands in loco parentis to a child is a fact issue dependent on multiple factors. Courts have enumerated factors to be considered in determining in loco parentis status; these factors include:

- The age of the child;
- The degree to which the child is dependent on the person claiming to be standing in loco parentis;
- The amount of support, if any, provided, and
- The extent to which duties commonly associated with parenthood are exercised.

Employees of USD 305 are eligible for family and medical leaves of absence described herein if they have at least 12 months of service and have worked at least 1,250 hours within the preceding 12-month period.

An eligible employee may be able to take up to 12 weeks of unpaid leave during the period from July 1st through June 30th of each academic school year for the following reasons:

- The birth of a child of the employee or to care for a child within the first 12 months after birth;
- The placement of a child with the employee for adoption or foster care and to bond with and care for the child (within first 12 months after placement);
- To care for an immediate family member (spouse, child or parent of the employee) who has a serious health condition;
- For a serious health condition that prevents the employee from performing the functions of his/her position; or
- If the employee experiences a qualifying exigency that arises out of the fact that a spouse, parent, or child who is a member of the National Guard, military reserves, or the regular armed forces has been called to or is on active military duty or who is a member of the National Guard or military reserves and is called to active duty in a foreign country.

If the teacher has any paid vacation, personal, sick or disability leave, the leave shall be used first and counted toward the annual family and medical leave.

Military Caregiver Leave

In addition, an employee who is the spouse, parent, child, or next of kin of a current member of the National Guard, military reserves, or the regular armed forces, or within five (5) years of such member's separation from the armed forces, who was injured while on active duty, or who had a pre-existing serious injury or illness that was aggravated as a result of their active duty, may be eligible for up to 26 weeks of FMLA leave in a 12-month period, including the types of leave listed above.

Notice of Leave

When requesting leave, the employee must:

- Supply sufficient information for USD 305 to be aware that the leave provided in this policy may apply to the leave request, as well as information regarding the anticipated timing and duration of leave;
- Provide notice of the need for leave at least 30 days in advance or as soon as practicable;
- Cooperate with all requests for information regarding whether absences qualify for the leave described in this policy;
- Attempt in good faith to schedule leave requests so as to minimize disruption to the academic environment.

Failure to comply may result in leave being delayed or denied.

Intermittent Leave

When medically necessary, employees may take the leave provided in this policy intermittently or on a reduced schedule basis for their own serious health condition, the serious health condition of a family member, or for military caregiver leave. Employees are required to cooperate with USD 305 to arrange reduced work schedules or intermittent leave so as to minimize disruption of its academic functions.

Leave because of the birth or adoption of a child may not be taken intermittently and must be completed within the 12-month period beginning on the date of birth or placement of the child.

Medical and Other Certifications

Employees will be required to provide a medical certification if the leave request is: 1) for the employee's own serious health condition, 2) to care for a family member's serious health condition, or 3) military caregiver leave. Failure to provide the requested certification in a timely manner may result in denial of the leave until it is provided. If an employee refuses to provide a certification, his/her leave request may be denied and the employee may be disciplined.

USD 305, at its expense, may require a medical examination by a health care provider of its own choosing if it has a reasonable question regarding the medical certification provided by the employee. USD 305 may contact the health care provider directly to clarify or authenticate a medical certification, including certifications for military caregiver leave.

Separate certification may also be required regarding the nature of the family member's military service and/or the existence of a qualifying exigency.

Fitness for Duty Certifications

Because USD 305 wishes to ensure the well-being of all employees, any employee returning from the leave provided in this policy for his/her own serious health condition may be required to provide a Fitness for Duty (FFD) certification signed by his/her health care provider. An employee who fails to provide an FFD certification will be prohibited from returning to work until it is provided. An employee who fails to provide an FFD certification may be disciplined or terminated.

FFD certifications may be required when an employee returns from intermittent leave if serious concerns exist regarding the employee's ability to resume his/her duties safely.

Maintenance of Benefits

USD 305 will maintain health care benefits for the employee while on the leave provided in this policy, but the employee is responsible for paying the normal monthly contribution. Any teacher portion of the cost shall be paid by the teacher to the clerk of the board by the payroll date or other time as he/she and superintendent/designee may agree. The board may terminate group health coverage if the teacher's payment is not received within 30 days of the due date. If the employee elects not to return to work at the end of the leave period, the employee may be required to reimburse USD 305 for the cost of premiums paid for maintaining coverage during the leave period. All other benefits cease to accrue during the unpaid portion of the leave.

Concurrent Leave

Employees must use any accumulated and available leave benefits during the leave provided in this policy unless such leave is compensated, in whole or in part, under workers' compensation and other similar benefit laws and provisions, in which case the employee may use accumulated leave time only for the purpose of satisfying any waiting period, unless USD 305 and the employee agree, in writing, to allow use of accumulated and available leave benefits to supplement the compensation up to the amount of the employee's regular rate of pay. Absences in excess of accumulated and available leave benefits will be treated as unpaid leave.

Married Couples Who Work for USD 305

If an employee and his/her spouse both work for USD 305, they are both eligible for the leave under this policy as hereinafter described. The employee and the employee spouse may be limited to a combined total of 12 weeks of leave during the period from July 1st through June 30th of each academic school year if the leave is taken for:

- The birth, adoption, or foster placement of a child;
- To care for and bond with such child who does not suffer from a serious health condition;
- To care for a parent with a serious health condition; or
- A combination of the above.
