Salina Unified School District No. 305
Salina, Kansas

Independent Auditor's Report

We have audited the accompanying fund summary statement of regulatory receipts, expenditures, and unencumbered cash - regulatory basis of the Salina Unified School District No. 305 (the District) as of and for the year ended June 30, 2019 and the related notes to the financial statement which collectively comprise the District's basic financial statement as listed in the table of contents.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with the *Kansas Municipal Audit and Accounting Guide* as described in Note A to meet the financial reporting requirements of the State of Kansas; this includes determining that the regulatory basis of accounting is an acceptable basis for the preparation of the financial statement in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statement that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on this financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the *Kansas Municipal Audit and Accounting Guide*, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on the auditor's judgment, including assessment of the risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note A of the financial statement, the financial statement is prepared by the District to meet the requirements of the State of Kansas on the basis of the financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide*, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

The effects on the financial statement of the variances between the regulatory basis of accounting described in Note A and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Independent Auditor's Report

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the previous paragraph, the financial statement referred to above does not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the District as of June 30, 2019, or changes in financial position or cash flows thereof for the year then ended.

Opinion on Regulatory Basis of Accounting

In our opinion, the financial statement referred to above presents fairly, in all material respects, the aggregate cash and unencumbered cash balance of the District as of June 30, 2019, and the aggregate receipts and expenditures for the year then ended in accordance with the financial reporting provisions of the Kansas Municipal Audit and Accounting Guide described in Note A.

Report on Regulatory-Required Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances as a whole. The summary of regulatory basis expenditures-actual and budget, individual fund schedules of regulatory basis receipts and expenditures - actual and budget, summary of receipts and disbursements - non-budgeted funds, summary of receipts and disbursements - agency funds, and schedule of regulatory basis receipts and expenditures - activity funds (Schedules 1, 2, 3 and 4 as listed in the table of contents) are presented for analysis and are not a required part of the basic financial statement, however are required to be presented under the provisions of the *Kansas Municipal Audit and Accounting Guide*. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statement. The information has been subjected to the auditing procedures applied in the audit of the basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statement or to the basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statement as a whole, on the basis of accounting described in Note A.

Report on Schedule of Expenditures of Federal Awards Required by Uniform Guidance

Our audit was performed for the purpose of forming an opinion on the regulatory basis financial statement of the District, taken as a whole. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by the audit requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), and is not a required part of the financial statement. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statement. The information has been subjected to the auditing procedures applied in the audit of the financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statement or to the financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards is fairly stated in all material respects in relation to the financial statement as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 16, 2019 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Additional Information

The June 30, 2018 actual column presented in the individual fund schedules of receipts and expenditures (Schedule 2 as listed in the table of contents) is also presented for comparative analysis and is not a required part of the June 30, 2019 basic financial statement upon which we rendered an unmodified opinion dated September 16, 2019. The June 30, 2018 basic financial statement and our accompanying report are not presented herein, but are available in electronic form from the web site of the Kansas Department of Administration at the following link <http://da.ks.gov/ar/muniserv/>. Such prior year comparative information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the prior year basic financial statement. The prior year comparative information was subjected to the auditing procedures applied in the audit of the prior year basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the prior year basic financial statement or to the prior year basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the prior year comparative information is fairly stated in all material respects in relation to the prior year basic financial statement as a whole, on the basis of accounting described in Note A.

Financial Statement

SALINA UNIFIED SCHOOL DISTRICT NO. 305

Salina, Kansas

NOTES TO FINANCIAL STATEMENT

June 30, 2019

Note A: Summary of Significant Accounting Policies

Salina Unified School District No. 305 (the District) is a municipal corporation governed by an elected seven member board. The financial statement includes the District only. The District does have a related entity, Salina Education Foundation (the Foundation). The Foundation is not audited; however, transactions with the Foundation are disclosed within the notes under related parties.

Regulatory Basis Fund Types

The accounts of the District are organized and operated on the basis of funds. A fund is defined as an independent fiscal and accounting entity with a self-balancing set of accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The District could have the following types of funds:

General fund -- the chief operating fund. Used to account for all resources except those required to be accounted for in another fund.

Special Purpose fund -- used to account for the proceeds of specific tax levies and other specific revenue sources (other than Capital Project and tax levies for long-term debt) that are intended for specified purposes.

Bond and Interest fund -- used to account for the accumulation of resources, including tax levies, transfers from other funds and payment of general long-term debt.

Capital Project fund -- used to account for the debt proceeds and other financial resources to be used for acquisition or construction of major capital facilities or equipment.

Agency fund -- used to report assets held by the District in a purely custodial capacity.

Business fund -- funds financed in whole or part by fees charged to users of goods or services (i.e. enterprise and internal service funds etc.). The District does not have any of these types of funds for the year ended June 30, 2019.

Trust fund -- funds used to report assets held in trust for the benefit of the municipal financial reporting entity (i.e. pension funds, investment trust funds, private purpose trust funds which benefit the municipal reporting entity, scholarship funds, etc.).

Regulatory Basis of Accounting and Departure from Accounting Principles Generally Accepted in the United State of America

The Kansas Municipal Audit and Accounting Guide (KMAAG) regulatory basis of accounting involves the recognition of cash, cash equivalents, marketable investments, and certain accounts payable and encumbrance obligations to arrive at a net unencumbered cash and investments balance on a regulatory basis for each fund, and the reporting of changes in unencumbered cash and investments of a fund resulting from the difference in regulatory basis receipts and regulatory basis expenditures for the fiscal year. All recognized assets and liabilities are measured and reported at cost, unless they have been permanently impaired and have no future cash value or represent no future obligation against cash. The KMAAG regulatory basis does not recognize capital assets, long-term debt, accrued receivables and payables, or any other assets, liabilities or deferred inflows or outflows, other than those mentioned above.

The District has approved a resolution that is in compliance with K.S.A. 75-1120a(c), waiving the requirement of application of generally accepted accounting principles and allowing the District to use the regulatory basis of accounting.

Use of Estimates

The preparation of a financial statement on a prescribed basis of accounting that demonstrates compliance with the cash basis and budget laws of the State of Kansas requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statement and reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

SALINA UNIFIED SCHOOL DISTRICT NO. 305
Salina, Kansas
NOTES TO FINANCIAL STATEMENT (CONTINUED)
June 30, 2019

Note B: Budgetary Information

Kansas statutes require that an annual operating budget be legally adopted for the general fund, special purpose funds (unless specifically exempted by statute) and bond and interest funds. The statutes provide for the following sequence and timetable in the adoption of the legal annual operating budget:

1. Preparation of the budget for the succeeding twelve month period on or before August 1st of each year.
2. Publication in a local newspaper of the proposed budget and notice of public hearing on the budget.
3. Public hearing at least ten days after publication of notice of hearing.
4. Adoption of the final budget on or before August 25th.

The statutes allow for the governing body to increase the originally adopted budget for previously unbudgeted increases in revenue other than ad valorem property taxes. To do this, a notice of public hearing to amend the budget must be published in the local newspaper. At least ten days after publication, the hearing may be held and the governing body may amend the budget at that time.

The statutes permit transferring budgeted amounts between line items within an individual fund. However, such statutes prohibit expenditures in excess of the total amount of the adopted budget of individual funds. Budget comparison statements are presented for each fund showing actual receipts and expenditures compared to legally budgeted receipts and expenditures.

Adjustment to Comply with Legal Max - Unified school districts use this line item (for use in the budget column only) to adjust the certified budget to comply with the "Legal Max" budget. The State Board of Education calculates the "Legal Max" budget using enrollment figures. The District's budgeted expenditures are limited to the lower of the published budget or the "Legal Max" budget.

Adjustment for Qualifying Budget Credits - Districts may use this line item for any budgeted fund. The adjustment would be a positive amount. All budget adjustments must be authorized by Kansas statutes. Examples include: expenditure of federal grant monies, gifts and donations, and receipts authorized by law to be spent as if they were reimbursed expenses.

All legal annual operating budgets are prepared using the regulatory basis of accounting, in which revenues are recognized when cash is received and expenditures include disbursements, accounts payable, and encumbrances, with disbursements being adjusted for prior year's accounts payable and encumbrances. Encumbrances are commitments by the District for future payments and are supported by a document evidencing the commitment, such as a purchase order or contract. Any unused budget expenditure authority lapses at year end.

A legal operating budget is not required for capital project funds, trust and agency funds, and the following special purpose funds:

- | | |
|--------------------------|-----------------------------|
| Contingency Reserve Fund | Federal Grant Funds |
| Textbook Rental Fund | State and Local Grant Funds |
| Health Insurance Fund | |
| Retirement Plan Fund | |

Spending in funds which are not subject to the legal annual operating budget requirement are controlled by federal regulations, other statutes, or by the use of internal spending limits established by the governing body.

Note C: Deposits and Investments

Cash balances from all funds are combined and invested to the extent available in certificates of deposit and other authorized investments. Earnings from these investments are allocated to designated funds. All investments are stated at cost.

As of June 30, 2019, the District had the following investments and maturities:

Investment Type	Fair Value	Investment Maturities (in Years)		Percent of Investment	Rating U.S.
		Less than 1	1 - 2		
U.S. Government Agencies					
Federal Home Loan Mortgage Corp	\$ 501,225	\$ 501,225	\$ -	9%	S&P A-1+
Federal National Mortgage Association	200,834	200,834	-	3%	S&P A-1+
United States Treasury Notes	3,806,502	1,391,017	2,415,485	65%	S&P A-1+
Federated Government Obligations	1,311,626	1,311,626	-	23%	
Total Fair Value	\$ 5,820,187	\$ 3,404,702	\$ 2,415,485	100%	
Securities at cost	\$ 5,754,035	\$ 3,363,663	\$ 2,390,372		
Unrealized gain (loss)	\$ 66,152	\$ 41,039	\$ 25,113		

K.S.A. 9-1401 established the depositories which may be used by the District. The statute requires banks eligible to hold the District's funds have a main or branch bank in the county in which the District is located, or in an adjoining county if such institution has been designated as an official depository, and the banks provide an acceptable rate of return on funds. In addition, K.S.A. 9-1402 requires the banks to pledge securities for deposits in excess of FDIC coverage. The District has no other policies that would further limit interest rate or depository risk.

K.S.A. 12-1675 limits the District's investment of idle funds to time deposits, open accounts, and certificates of deposit with financial institutions; U.S. government securities; temporary notes; no-fund warrants; repurchase agreements; and the Kansas Municipal Investment Pool. The District has no investment policies that would further limit its investment choices.

Concentration of credit risk. State statutes place no limit on the amount the District may invest in any one issuer as long as the investments are adequately secured under K.S.A. 9-1402 and 9-1405.

Custodial credit risk -- deposits. Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. K.S.A. 9-1402 and 9-1405 require the District's deposits in a financial institution be entirely covered by federal depository insurance or by collateral held under a joint custody receipt issued by a bank within the State of Kansas, the Federal Reserve Bank of Kansas City, or the Federal Home Loan Bank of Topeka, except during designated "peak periods" when required coverage is 50%. There were no designated "peak periods" during the year. All bank deposits were legally secured at June 30, 2019.

SALINA UNIFIED SCHOOL DISTRICT NO. 305
 Salina, Kansas
NOTES TO FINANCIAL STATEMENT (CONTINUED)
 June 30, 2019

Note C: Deposits and Investments (Continued)

At June 30, 2019, the carrying amount of the District's bank deposits was \$31,863,822. The bank balance of these deposits was \$34,230,264. The bank balance was held by three banks resulting in a concentration of credit risk. The difference between carrying amount and bank balance is outstanding checks and deposits. Of the bank balance, \$502,208 was secured by FDIC insurance and the remaining \$33,728,056 was collateralized by pledged securities with a fair market value of \$41,687,728 held under joint custody receipts issued by a third-party bank in the school district's name. The third-party bank holding the pledged securities is independent of the pledging bank.

Custodial credit risk -- investments. For an investment, this is the risk that, in the event of the failure of the issuer or counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. State statutes require investments to be adequately secured.

Note D: In-Substance Payments

The District received \$2,462,729 for general fund and \$667,305 for supplemental general fund subsequent to June 30, 2019 and as required by K.S.A. 72-6417 and 72-6434, the receipt was recorded as in-substance receipt in transit and included as a receipt for the year ended June 30, 2019.

Note E: Bond Project

On April 8, 2014, a bond issue was passed. The bond issue is intended to address District needs including safety and security, all-day Kindergarten, career and technical education and improvements at both high schools. The bond project estimated budgets by location are as follows:

The District is subject to the municipal finance laws of the State of Kansas which limits the net bonded debt (exclusive of revenue bonds and special assessment bonds) the District may have outstanding to 14% of the assessed value of all tangible taxable property within the District, as certified to the County Clerk on the preceding August 25. Additional authority may be granted by the Kansas State Board of Education. At June 30, 2019, the statutory limit for the District was \$65,322,572 which the District has exceeded but this has been approved by the State Board of Education.

Health Insurance

During the year ended June 30, 2019, employees of the District were covered by the District's medical self-insurance plan ("the plan"). The plan was established October 1, 1998. The District's contribution is \$500 per month for a single policy and \$500 per month for a family policy per employee. All District Employees, at their option, can authorize payroll withholdings to pay non-District provided contributions. Claims are paid by a third party administrator acting on behalf of the District. The plan is documented by contractual agreement.

The administrative contract between the District and the third party administrator is renewable annually and stop-loss premiums are included in the contractual provisions. The District was protected against unanticipated catastrophic individual or aggregate loss by stop-loss coverage carried through Blue Cross & Blue Shield of Kansas, a commercial insurer licensed or eligible to do business in Kansas in accordance with Kansas Insurance Code. Stop-loss coverage was in effect for individual claims exceeding \$125,000 and with aggregate stop loss insurance at 115% of annualized expected claims.

Incurred but not reported claims: Liabilities include an amount for claims that have been incurred by not reported (IBNR's). Liabilities are reported when it is probable that claims have been incurred and the amount of the liability can be reasonably estimated. Claim liabilities are calculated by the plan administrator and are expected to be liquidated with expendable available financial resources.

Other Post Employment Benefits

As provided by K.S.A. 12-5040, the District allows retirees to participate in the group health insurance plan. While each retiree pays the full amount of the applicable premium, conceptually, the District is subsidizing the retirees because each participant is charged a level of premium regardless of age. However, the cost of this subsidy has not been quantified in these financial statements.

Under the Consolidated Omnibus Budget Reconciliation Act (COBRA), the District makes health care benefits available to eligible former employees and eligible dependents. Certain requirements are outlined by the federal government for this coverage. COBRA participants pay 102% of the premium. There is no cost to the District under this program.

Compensated Absences

The District's policy is to recognize the costs of compensated absences when actually paid. The District's policies regarding vacation pay permits full-time, 12 month, classified employees to earn vacation days based upon years of service. Depending on job classifications, employees must use their vacation within 12 months or are allowed to carryover 20 days to be used in the following year. Classified employees may earn sick days based upon the number of workdays per year that can be accumulated to a maximum of 120 days. Classified employees with fifteen or more years of service with the District shall receive compensation for days of unused accumulated leave at the rate of \$25 per day. This payment shall be paid if the employee leaves the District as a result of retirement, death or termination of employment. All certified personnel are credited annually with 10 days of leave at full pay. The unused portion of leave may also be accumulated from year to year to a maximum of 100 days. Certified employees with fifteen or more years of service with the District shall receive compensation for days of unused accumulated leave upon resignation, retirement, or death at a rate of \$75 per day. Each year the District will offer a buy-back of up to 5 days of a certified employee's unused leave at a rate of \$50 per day. All administrators can accumulate a maximum of 140 sick days, which is compensated at the rate of \$25 per day upon resignation, retirement or death.

Note I: Pension Plans

Defined Benefit Pension Plan

Plan description: The District participates in the Kansas Public Employees Retirement System (KPERs), a cost-sharing, multiple-employer defined benefit pension plan as provided by K.S.A. 74-4901, et seq. Kansas law establishes and amends benefit provisions. KPERs issues a publicly available financial report that includes financial statements and required supplementary information. KPERs' financial statements are included in its Comprehensive Annual Financial Report which can be found on the KPERs website at www.kpers.org or by writing to KPERs (611 South Kansas, Suite 100, Topeka, KS 66603) or by calling 1-888-275-5737.

Contributions. K.S.A. 74-4919 and K.S.A. 74-49,210 establish the KPERs member-employee contribution rates. KPERs has multiple benefit structures and contribution rates depending on whether the employee is a KPERs 1, KPERs 2 or KPERs 3 member. KPERs 1 members are active and contributing members hired before July 1, 2009. KPERs 2 members were first employed in a covered position on or after July 1, 2009 and KPERs 3 members were first employed in a covered position on or after January 1, 2015. Effective January 1, 2015, Kansas law established the KPERs member-employee contribution rate of 6% of covered salary for KPERs 1, KPERs 2 and KPERs 3 members. Member contributions are withheld by their employer and paid to KPERs according to the provisions of Section 414(h) of the Internal Revenue Code.

State law provides that the employer contribution rates for KPERs 1, KPERs 2 and KPERs 3 be determined based on the results of each annual actuarial valuation. Kansas law sets a limitation on annual increases in the employer contribution rates. The actuarially determined employer contribution rate and the statutory contribution rate (not including the 1% contribution rate for the Death and Disability Program) was 16.38% and 12.01%, respectively, for the fiscal year ended June 30, 2018. The actuarially determined employer contribution rate and the statutory contribution rate was 14.59% and 13.21% for the fiscal year ended June 30, 2019.

Per 2017 Senate Substitute for House Bill 2052, Section 37(a), state general fund employer contributions to KPERs were decreased by \$64,130,234 for the fiscal year ended June 30, 2017. Section 43(17) of the bill also stipulated that repayments of the reduced contributions are to be amortized over twenty years at a level dollar amount commencing in fiscal year 2018. The level dollar amount was computed to be \$6.4 million dollars per year. The first year payment of \$6.4 million was received in July 2017. Per 2017 Senate Substitute for House Bill 2002, Section 51(a), state general fund employer contributions to KPERs were decreased by \$194,022,683 for the fiscal year ended June 30, 2019. Section 56(19) of the bill also stipulates that repayments of the reduced contributions are to be amortized over twenty years at a level dollar amount commencing in fiscal year 2020. The level dollar amount was computed to be \$19.4 million per year.

Note I: Pension Plans (Continued)

Defined Benefit Pension Plan (Continued)

Contributions (Continued). The State of Kansas is required to contribute the statutory required employer's share except for retired District employees. The District is responsible for the employer's portion of the cost for retired District employees. The District received and remitted amounts equal to the statutory contribution rate, which totaled \$4,298,491 for the year ended June 30, 2019.

Net Pension Liability: At June 30, 2019, the District's proportionate share of the collective net pension liability reported by KPERS was \$90,206,822. The net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2017, which was rolled forward to June 30, 2018. The District's proportion of the net pension liability was based on the ratio of the District's contributions to KPERS, relative to the total employer and non-employer contributions of the State/School subgroup within KPERS for the fiscal year ended June 30, 2018. Since the KMAAG regulatory basis of accounting does not recognize long-term debt, this liability is not reported in this financial statement.

The complete actuarial valuation report including all actuarial assumptions and methods, and the report on the allocation of the KPERS collective net pension liability to all participating employers are publicly available on the website at www.kpers.org or can be obtained as described above.

Defined Contribution Plan

District has established a defined contribution pension plan in accordance with the provisions of section 403(b) of the Internal Revenue Code. The District contributes \$1,000 per contract year for each full time, eligible participant into the participant's Employer Paid Account. Contributions are prorated for participants who work less than full time and/or are employed for less than a full contract year. Eligible employees include Certified Teachers and Administrators. Employer paid contributions are subject to a 15-year vesting schedule. Participants may voluntarily contribute, on a pre-tax basis, from their salary, to their Employee Paid Account. Costs of the plan were \$585,948 and \$705,968 for fiscal years ended June 30, 2019 and 2018, respectively. Plan forfeitures for non-vested employees were \$268,491 and \$192,305, for the fiscal years ended June 30, 2019 and 2018, respectively.

Phase Out Option: Upon retirement, eligible teachers may choose to relinquish the portion of the vested amount in their Employer Paid Account (see above) equal to the amount that would have been in their account had they invested in the Moderate Investment track and thereby participate in the Phase Out Option plan. Eligibility for the Phase Out Option are teachers who:

- a) were employed as a full time teacher in a certified position by USD #305 during the 2001-02 contract year,
- b) have 15 years or more of full time employment as a teacher in a certified position with USD #305 (uninterrupted by any other employment) immediately prior to their retirement,
- c) will be less than the age for full Social Security retirement as of August 31 of the year they plan to retire,
- d) retire prior to the 2018-19 contract year,
- e) have a combined total of age plus credited years of service in KPERS that is equal to or greater than 85, or
- f) meets the requirements of a), b), and d) above, and are not less than 60 years of age by August 31 the year they retire.

Defined Contribution Plan (Continued)

The Phase Out Options plan is an unfunded, contributory, defined benefit plan. Current year costs of the plan were \$77,000. Benefits expected to be paid for the next four fiscal years are as follows: \$136,644 for June 30, 2020, \$119,000 for June 30, 2021, \$44,000 for June 30, 2022, and \$21,000 for June 30, 2023.

Note J: Risk Management

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters for which the District carries commercial insurance. Settlements of claims have not exceeded coverage during the past three fiscal years.

Note K: Other Information

Reimbursed Expenses: The District records reimbursable expenditures in the fund that makes the disbursement and records reimbursement as revenue in the same fund. For purposes of budgetary comparisons, the reimbursements are shown as adjustments for qualifying budget credits.

Ad valorem tax revenues: The determination of assessed valuations and the collections of property taxes for all political subdivisions in the State of Kansas is the responsibility of the various counties. The County Appraiser annually determines assessed valuations and the County Clerk spreads the annual assessment on the tax rolls. One-half of the property taxes are due December 20th, and distributed to the District by January 20. The second half is due May 10 and distributed to the District by June 5. The District Treasurer draws other available funds from the County Treasurer at designated times through out the year.

Related Party Transactions: The Salina Education Foundation is a component unit of the District. The Foundation is a not-for-profit organization formed for the education purposes of funding programs, gifts, loans or other assistance for the benefit of the District and its students and employees. During year ended June 30, 2019, the District received funding from the Foundation in the amount of \$27,607. Additionally, the District disbursed \$4,000 to the Foundation.

Funds with a Deficit Unencumbered Cash Balance- Generally, school districts are required by K.S.A. 10-1113 to limit fund expenditures to the available monies in that fund. K.S.A 12-1664, however, provides an exception for those funds which are to be financed by Federal government sources. This exception allows these funds to expend in excess of currently available resources with the expectation that the District will be reimbursed for qualifying grant expenditures.

The following funds had a deficit balance of unencumbered cash as of June 30, 2019: Head Start Federal and Kansas, Title I Low Income, Title II-A Improve Teacher Quality, Title IV Drug Free Schools, and Title V Rural & Low Income. Each of these funds are financed by Federal and State governmental agencies and are expecting reimbursement of qualifying grant expenditures.

Legal Contingency: On or about September 12, 1966, the United States transferred property at the former Schilling Air Force Base to the District. That property, where the Salina Area Technical College is now located, as well as much of the former Schilling Air Force Base, is now known to contain soil and groundwater contamination resulting from the use and disposal of chlorinated solvents during military operations at the former base from 1941-1965. Under federal law, the liability for cleanup of the contamination falls broadly on those causing the contamination as well as former and current owners of the contaminated property. Because it is a current owner of the contaminated property, the District is considered potentially liable as a property owner. Though potentially liable, the District denies it contributed in any way to the contamination and believes it has significant defenses to liability.

SALINA UNIFIED SCHOOL DISTRICT NO. 305
Salina, Kansas
NOTES TO FINANCIAL STATEMENT (CONTINUED)

Note K: Other Information (Continued)

In 2007, the District joined with other potentially responsible public entities (as owners of property at the former Schilling Air Force Base transferred to them by the United States), i.e. the Salina Airport Authority, the City of Salina, Kansas and Kansas State University at Salina (all collectively the "public entities") to initiate negotiations with the U.S. government for the purpose of resolving the ultimate responsibility for the contamination cleanup at the former Schilling Base. In May of 2010, the public entities filed suit against the U.S., among other reasons, to avoid a statute of limitations problem during continuing negotiations. The ongoing negotiations resulted in a partial settlement agreement which was approved by the U.S. District Court for the District of Kansas in a consent decree entered May 2, 2013. Pursuant to that agreement the U.S. paid 90% of the cost of a now, on-going, remedial investigation/feasibility study which resulted in a Final Corrective Action Decision (CAD) by the Kansas Department of Health and Environment (KDHE) on July 29, 2019. By agreement, the remaining 10% of that cost was paid by the City of Salina. Though ultimately the District is potentially liable for portions of the cleanup given its status as property owner, the District denies it contributed in any way to the contamination and believes it has significant defenses to liability. Any potential liability to the District would be minimal compared to the overall costs of implementing the CAD, however even an insignificant portion of the total costs could be material to the District. To attempt to resolve the allocation of cleanup costs, the United States and the public entities have scheduled Mediation sessions in Kansas City, beginning on November 19, 2019.

Trust agreement: The Stewart Library Endowment is an endowment set up by proceeds from LeVoy C. Nelson estate. According to the agreement with the estate, the District has set up this endowment for the benefit of the Stewart Elementary Library. According to the agreement, the District may use the earnings on the principal (but not the principal) for improvements to the Library.

Note L: Subsequent Events

Subsequent Events: The District evaluated subsequent events through September 16, 2019, the date the financial statement was available to be issued, and identified the following matter for disclosure.

On September 25, 2019, the District issued Series 2019 General Obligation Refunding Bonds in the principal amount of \$65,055,000. The proceeds of the Series 2019 Bonds were used to refinance a portion of the outstanding Series 2014 General Obligation Bonds (the "Refunded Bonds"). The Refunded Bonds will be redeemed on September 1, 2023. With the falling interest rates and favorable bond market conditions, the final savings for the District is \$5,086,727. In addition, the interest rate on the bonds being refinanced is 4.28% and the interest rate, or True Interest Cost (TIC) on the Series 2019 Refunding Bonds is 2.47%, which represents a reduction in the interest rate of 1.81% (181 basis points). Furthermore, this savings equates to a "present value savings percentage" of 6.62%. The taxpayers of the District clearly benefitted from the lower interest rates and the amount of savings captured on the Series 2019 Bonds, when combined with the prior refunding bonds of the District, now results in a cumulative total of \$10,342,396.67.

**Independent Auditor's Report on Internal Control Over Financial Reporting
and on Compliance and Other Matters Based on an Audit of Financial Statement
Performed in Accordance With *Government Auditing Standards***

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statement of Salina Unified School District No. 305 (the District) as of and for the year ended June 30, 2019, and the related notes to the financial statement, which collectively comprise the District's basic financial statement, and have issued our report thereon dated September 16, 2019.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statement, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statement, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statement will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Salina Unified School District No. 305
(continued)

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District’s financial statement is free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity’s internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity’s internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Independent Auditor's Report on Compliance for Each
Major Program and on Internal Control Over
Compliance In Accordance With the Uniform Guidance**

Report on Compliance for Each Major Federal Program

We have audited the compliance of Salina Unified School District No. 305's (the District) compliance with the types of compliance requirements described in the U.S. *Office of Management and Budget (OMB) Compliance Supplement* that could have a direct and material effect on each of the District's major federal programs for the year ended June 30, 2019. The District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the District's major federal programs based on our audit of the types of compliance requirements referred to above.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on each major federal program have occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the District's compliance.

Opinion on Each Major Federal Program

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2019.

Report on Internal Control Over Compliance

Management of the District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of Uniform Guidance. According, this report is not suitable for any other purpose.
